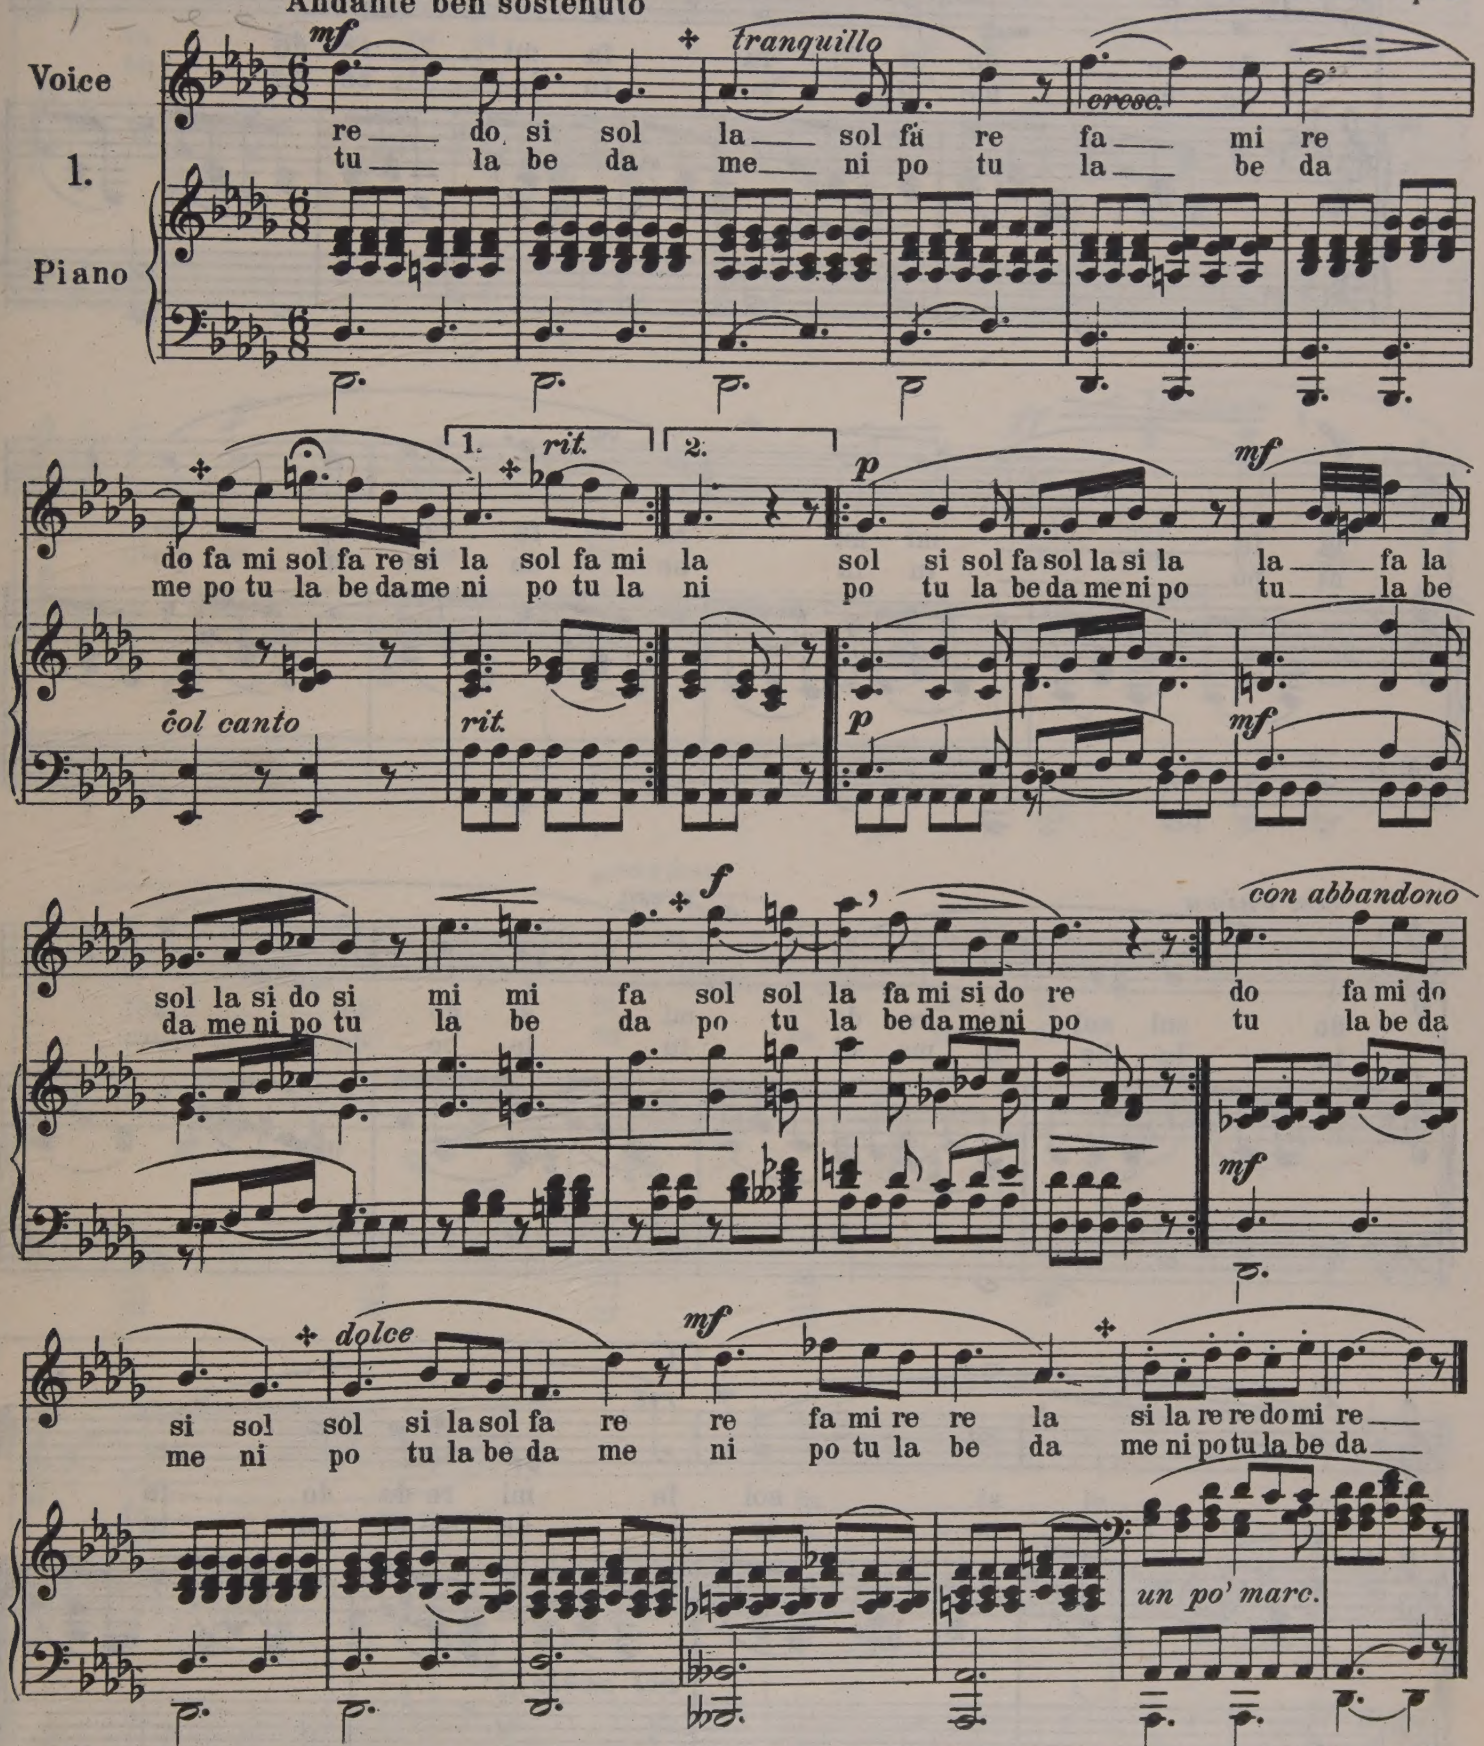
Vocalises and Solfeggios

for Tenor

Andante ben sostenuto

Ferdinand Sieber. Op. 47



Note. To begin with, each exercise should be sung as a *Vocalise* (that is, to the various simple vowels); then sing it as a *Solfeggio*, using alternately the solmisation syllables and Graun's syllables. At every rest, and at the sign ✢, breath must be taken; breath may also be taken, if necessary, at the breathing-marks (𝄐).
